"Well hello!" Those words meant Polly was on the line. That was her greeting when I would answer the phone at WSM. She listened all of the time and treated me just like one of her kids as she would refer to them. Polly's warm voice and laughter were so comforting on those long shifts. I always enjoyed her stories on Beanie, the neighbors and just life in general. Her pride in all of her kids was beautiful. I spoke to her just recently. It was a great gift. I will forever remember as a wonderful person. Jennifer Herron

My wife, Martha, and I visited Miss Polly on several occasions. She always seemed so very glad to see us, and made us feel most welcome. She was an extremely interesting person to talk with, because she had so many life experiences that she was willing to share. She obviously loved the many young people she and her husband helped over their many years of service. She will be sincerely missed by many.

We'd like to think Polly & Beannie are holding each other in the arms of The Lord! Happy, healed and whole again - together! And that Grandma Polly is already working on yet another afghan. God Bless all who knew and loved them! Polly was a true gift of hope in this world and will be tremendously missed. However; our hearts will hold her essence, always. With our best love, Matthew & Jill Gillian

I have so many memories. I can't even begin to tell all my wonderful memories. The thing I will miss the most is my phone call that I always got on Christmas morning. I always told her it wasn't Christmas until I got her call. My birthday is the day before hers and I always got a call from her that day also. She is the last link of my very special aunt Viola. I am truly going to miss Polly so very much. I didn't get to see her often but did talk to her often. Polly I miss you already but I know Beanie has patiently been waiting for you and now you can be together forever. I love you.
