When I was located at Citizen's Plaza myself (around 2007-2008, I'm now in Memphis), it seemed I would see Mark every few days, although we were not on the same floor. When I would see Mark, he always had this "can-do" attitude if I needed anything from him and just maintained this cheerful spirit (including in late 2015, when I was in Nashville briefly and last saw him), which I truly liked about him. He will be missed! Jeff Hardin

I am going to miss my friend Mark. I am shocked and saddened at his passing. We shared lunch and laughs together often and those are times I will remember and always treasure. The times the 'lunch crew' shared together were so full of joy. We had to move our lunch location more than once to avoid disturbing others with our laughter. I recall a time when a vendor that worked in our building came over to our lunch table after having heard us laugh and joke with one another day after day after day. She asked us how we were able to be so full of joy and laughs all of the time. We told her that we loved each other and loved the LORD. Although Mark and I shared common interests that included fishing, I never got to take that fishing trip with him. The next time I go fishing, I will dedicate that trip and the next fish I catch to him (my "blue" brother). Janice, please know that you and your family will be in my prayers. Janice we are so sorry to here about Mark. He was a great fellow. I always felt like I could to Mark. I know he loved you with all of his heart. I know this was exetely hard on you. But God has his reasons and we don't always understand at the beginning but as time goes on we can understand more of what God is doing for us. Sorry we couldn't come down but you hang in there and hope to see you real soon. Love In Christ, Gerald & Connie P.S. Janice just remember that GOD LOVES YOU more than anything and when you get to feeling bad hold on to that though.

I haven't seen Mark in years since I moved away from Knoxville, but I don't think I've known a kinder and "good person" than him. And Mark was very smart and in tune with what was going on at any given time. He was mostly joyful and happy, but he was somber at appropriate times. And I feel so bad to hear about his passing. My prayers go out to his family and friends. And while I know he made everyone feel special, he made me always feel special like I was his best friend if he would see me every so often years after high school. Knowing Mark, he would have laughed if I cut a joke right now and given one back. And I'm sure that's the way many remember him. I know he will be missed by many. I regret not having seen him in many years. But I will again one day. Just a sad, sad loss. A great person who I can't think of anything at all negative in him as a person. I have no doubt he loved his children and grandchildren. And everyone else. "I have fought the good fight, I have finished the race, I have kept the faith." 2 Timothy 4:7 Rest easy and in peace my friend. You made a great positive difference in the world while you were here, and you will not be forgotten. David Lamb Los Angeles, CA Carter High School 1978

My prayers of Strength, Peace and Harmony are for you Ms. Janice and family. Mark was very unique, humanistic and a great heart. We could have the longest conversation about our heritage, ancestors or (knowing Mark a story about his life or indeed, about his visit to Puerto Rico. I am very glad that I was able to chat with "Marco" last Friday and hear his favorite phrase... "Hey Kiddo"! It was a pleasure meeting you, Mark.

Although we didn't know Mark as well as others but he was the father of our beautiful daughter in law Sarah! And I can tell you I know he loved his family very much! And was able to see his grandchildren before he went to be with Jesus! Was always so accepting and kind to our son! Always checking on his 2 daughters daily just to make sure they were safe and all was well! Now he is in the arms of Jesus and for that we are so grateful he knew our Lord & Savior! He will be gravely miss by all that knew him & loved him! Blessings to all Marks family! Lynn & Cindy Smith

Janice and the family of Mark Spruiell,I met and worked with Mark when I lived in Nashville. Janice I met you years ago. I had not been living in Nashville long, but Mark was one of the few people that befriended me. He was always kind and comical. Whenever the day was rough, I would go and sit in his cubicle and talk with him for a while....he would always made me laugh. After I returned to Chattanooga we still stayed in touch periodically. I am so sorry for your loss and I as well as everyone he worked with knew how much he loved his family. You all will be in my thoughts and prayers. May God bless, keep, and comfort each of you.With sincere condolences, Jennifer Page, Appeals and Hearings - Chattanooga Conciliation Unit

To: Janice: Mark always called you his "Soul Mate" - He felt "Overly Blessed" to have you in his life and he said many times ..."how God was so wonderful because he had made you just for him". To: His Children and Grand Children: He thought the world of you all and he loved to share his pictures of you which was his Pride and Joy. He loved talking about all the fun times or any precious things you all did which was everything. It brought him such great happiness. My thoughts of him: He was a wonderful man to work for and with. He worked so hard and he never let his disability slow him down. I would forget that he had it. He was a genius in my eyes - he could always see the bigger picture, simplify processes, make changes that made a big difference. He really listened to you. He had one of the top groups at work because he made sure we were all trained well and we stayed ahead and did our work with excellence. If we didn't he would sit down and talk with you and work it out. He gave his best and more and he motivated us to give our best. He was so full of peace, kindness and joy - He always knew how to make me and everyone around "laugh". I don't care how bad the situation was he could make you laugh. I would often say Mark you should have been a comedian. He protected his staff's jobs when they tried to downsize them. He promoted several people, including me. He was always honest. He loved to build people up. He loved to have get-togethers, which helped bond our unit, and he could really cook. He loved to give. I will truly miss him. Paula
