David Eubank sent a virtual gift in honor of Charles.

I have often though they could make a movie of our High School days that would rival Friday Night Lights or Remember the Titans. I wonder if Marshall Foster knew when he was fighting of hard to keep Litton open that it would change the Litton zone including East Due West and send Charley to Litton not Madison. We got a future Mr. Litton he got a son in law. How different things could been Charley and I became friends not long after he started Litton at a party Gail White had across the street from his house. She asked if I knew Charley I told her not really but we soon became the best of friends playing football and with many other adventures. I still have a framed picture given to 12 of us by Mr. & Mrs. George Murphy with our graduation pictures. We were a very close group of friends. My thoughts and Prayers are with the family. I hope they find peace and comfort in wonderful memories they have. David Eubank
