Before I begin I want to thank everyone who showed love to my Mimi. All the flowers, memories, hugs, and visits to the memorials were very much appreciated. You have brought a lot of peace to my family and me aswell. It's so wonderful to hear the memories and see all the people my Mimi affected in her life. With that being said I have a few words I would like to say in her honor. As you all know, Mimi called Monna and I her angels. We would spend so many days at our Mimi's eating honey buns for breakfast and sharing endless laughs. My Mimi was always there for me. We would talk to each other about anything and everything. If you know my Mimi, you know she loved to talk, I must get that from her. She was someone I could always go to about anything. Anytime I was sad, scared or mad, she reassured me. She was the most positive God loving woman I've ever met in my life. I hope I can be even a piece of good that she was. She cared so much about others and wanted to spread positivity throughout the hearts of anyone she came across. Her favorite holiday was Christmas. Every year she would spoil the crap out of everyone and anytime she got a picture of the family or a sweet card, there would certainly be tears of joy. Her reaction to sentimental things were absolutely priceless. I miss how she would play with my hair and tell me how much she loves me but I still feel her love and I hope you all can too. It was hard to lose my best friend but if anything gives you peace think of this. She loved angels more than anything. Imagine how wonderful she must feel finally being one. She called me and Monna her angels but little did we know, she was our angel all along. I have peace knowing she's watching over me, but man do I miss my best friend. You're name will live on. Rest In Peace Linda Faye Allen. You are my heart. And by the way, I love you more.... Lauren Faye Frazer.

When I was working in the Hermitage area and had some extra time between calls, I would stop by and say hi to Ms. Linda while she was working at Scott's House. She would smile soo big and demand a hug! Then she would hit me with plenty of questions to make sure I was being a good boy and doing ok! She was always full of love and will be missed.
