I just remember being at your mom's house everyday, she was the stop for me and Renee everyday before we went home! When we got our new clothes for the holidays we always had to go show Wanda, she was a special lady! She also told you how she felt never held back! Her house was our second home growing up, so many good memories! Loved her so much!

Wanda , my second mom my friend , my everything !!! I have so many wonderful memories of her. I started as the babysitter for you 3 , oh you were so young. At first she thought I was too young to watch you all it didn't take long ,I gained her trust in me. She took me on vacations with the family. I remember I had my permit and she let me drive the convertible with the top down. I remember almost going off the road looking at some guys !!She was so trusting and caring. I learned a lot about cooking from her. She certainly was a good cook. She trusted me so much she even let me take the three of you to the river and swim !! Now that's scary. You kids even went on a date with me. I think it was the driven movies. I remember being at your house more than my own. Do you remember Bub always said he was going to marry me? Raye, your mom was my best friend. She listened to me about my concerns and of course gave me her piece of mind about what she thought I should do .Even if I didn't want to hear it. She was the best . An incredible, caring, loving, generous woman. I am so sorry I have not gotten to see her for so many years. She told me how much she loves you all and her grandkids. I'm so thankful for for the memories of her and the opportunity to say she was my second mom. Love from my heart to all of you. ❤️🌷
