Jimmy Capps aka a really good friend to have and there will never be another. He would do anything he could for you that's the type of person he was . I remember working at his store at dollar general at brick church pike in Nashville tn. I had split my work pants didn't have a spare pair to put on he got a pair off the shelf and got them for me. Without even asking he gave them to me and never asked for anything in return. He was a devoted worker and loved by all that new him or worked with him. That's the kind of impression he left at the end of the day. He will truly be missed by all who knew him may god show you the way home to the pearly gates Mr. Capps. God speed ❤️
