Mr. Daniel Lee Conley

AUG 7, 1994 - AUG 21, 2023

Daniel Conley was born on August 7, 1994 in Nashville, Tennessee, and lived the majority of his life in Ashland City, Tennessee. He was naturally talented in all musical instruments but the guitar was his instrument of choice. Daniel did have a few years of music lessons, but every music teacher Daniel practiced under said Daniel had talent beyond what they possessed, even as a child. Daniel received his formal education from both homeschooling and Adventist church schools. In middle school, his computer teacher said Daniel naturally understood computers and could easily find success in the field of computer technology. Daniel was also very mechanically inclined and chose to make his living in automotive mechanics, but continued to play guitar and harmonica. Daniel also thoroughly enjoyed riding street bikes and all types of ATVs, as well as many other outdoor activities.

Daniel believed God was loving and just, and he always kept a bible with him. Daniel was not only talented but he was funny, kind, grateful, compassionate, generous, artistic, and was loved by all and will be missed by those who knew him.

Daniel is survived by: his father David Conley Jr., mother Misty Horton, brother Austin Denny, maternal grandparents Paul and Penny Dilling, Aunt Crystal, Uncle Dave, and beloved cousins who were like siblings; Bryanna and Matthew.

He was preceded in death by Paternal Grandparents David Sr. and Sharon Conley and cousin Ryan Broz.

The family of Daniel Conley wishes to invite friends and relatives to join them in a time of visitation and remembrance at Spring Hill Funeral Home on Saturday, September 2, 2023 from one to 2:30 PM. A Graveside Service in Historic Spring Hill Cemetery will follow at 2:45 PM.

He was really a great nephew. We had a lot of stuff in common and he was a great little guy growing up, a bright teenager, a strong young man,... A note to all who came out in support- you all truly made a really sad day not as sad. The hugs, prayers, and thoughtful words really helped everyone there get through the service and the days after. I hope we all consoled each other and I thank everyone who was a part of Daniels life. Each day we have now til we go is a day to be thankful and grateful to the Creator, Judge, and Redeemer of us all. May we take each day and life it to the fullest and when it comes our time that we rest in peace as Daniel does now. (Love you nephew, hopefully we will see each other again someday. :)

Daniel was my first love, and I loved him with all of my young self, and dreamt and thought of him often for a decade after our relationship ended. Knowing him has 100% shaped who I am today... We kept in touch over the years and I feel so grateful that he and I never left things unsaid, we came to peace with the things of the past, and always helped each other along if one of us needed advice or just to vent. It destroys me that I am the only one who carries the memories that he and I shared, but I will do it with a light heart, because I know that his battles and pain and depression are now relieved. Dannie, I wish I could have held you so you weren't alone. I love you. Rest now.

We each touch many lives during our time on this earth, and Daniel touched mine when I was his computer teacher during his fifth and sixth grade years at Madison Campus Elementary. It did not take long to see that Daniel's talent was natural when it came to computers. Working with computers was intuitive for him and he was very inquisitive. Not accepting my standard pat answers given to the class, Daniel would probe deeper and asked questions that required in-depth explanations. He could see applications for the use of computers in ways beyond what was taught. Always thrilling to witness his progress and inquisitiveness. As a person he was kind and clearly cared for others, and always eager to learn from and know others more. May we each touch the lives of others in a positive caring way like Daniel. Daniel, you will be missed and not forgotten! My thoughts and prayers are with family and friends. Lift each other up! God bless!

Daniel spent many days at our house as he & my son were best friends for some time. He never caused any trouble. He was always respectful, kind, & gentle. I have nothing but good memories of Daniel. We were just talking a few days ago about how my daughter accidentally broke his toe while they were playing. My prayers are with all his loved ones. May the Lord bring you peace & comfort. With love & blessings, Connie D.

Never in all of his 29 years did my grandson sever speak a harsh word to me. Of all my loved ones, it was Daniel that I knew positively loved me. He was a blessing to me and all the memories I have of him will carry me through this life. I can still see him twirling his hair. 😊 Oma

The news of Daniels passing was gut wrenching. I loved Daniel like a brother for many years. Anyone who knew him knows he was the most kindhearted, hard headed, genuine person around. He is going to be so missed by many people. Praying for David, Austin, family and friends during this time. Joshua 1:9 "Do not be discouraged, for the Lord your God will be with you wherever you go."
