“ Bud I have so many memories of you as a kid growing up. I can remember us outside under the stars and Debra telling us scary stories again one about a spaceship that comes to get you (and I know she seen the blimp in the air while telling this story) as soon as it got close she ended it with its coming after you NOW you looked up and screamed all the way to to door. Scarred you so bad. He peed your pants she sure gave you a bad time about that I'm sure. Mom made us come in and of course Debra got in trouble. Of course We had never seen a blimp lit up with writing on it before saying free coffee and tea mom had to show us because we were all scared to death! She was always telling scary stories and you believed anything she said. You lived with us for time before you moved away. You were always very helpful and helped us out a lot. You worked so hard on our big cement patio it looked so beautiful when it was done. You mad me laugh all the time with you funny sense of humor. I loved your laugh. You will be missed and through the years I've not been able to see you with your family And I'm sorry we could not be as close as we were growing up. You are loved and will be missed. Love you bud will meet you in heaven and have more stories to hear I'm sure ! All our love Billie Sue and Rudy Jimenez

“ I remember Bud since he was 12 years old. He was a cute, tall very sweet boy who has always loved family. We will miss him. His brother Jerry loved him so very much and gave a lot to try to help Bud have a better life. We will miss Bud, but know he is now at peace with his Lord. Prayers for you all!

“ So much to say about this funny man, Bud lived with Leonard and I after we got married, we were still honeymooners !!! Bud came to live with us when In 1977 he needed a place to stay and when family needs a place to stay our door was always open, Bud loved to watch movies on tv, he would sit and watch tv after he got off work then Leonard would come home from work, and Bud would say! hey ya all !!! let's go to the movies, of course that's when the price of the movies was like 3 bucks a person, or you could go to the drive inn for 5 bucks a car load, all I can say we watched a lot of Walt Disney movies with him ,, I no for a fact we saw ((Petes Dragon)) the original at least 4 x ,, And we saw Smokey and the bandit about 5x with Bud ,, and many many more, lol , sometimes he would start telling us a story about something, me and Leonard would look at each other like WHAT?? The heck !!! And he would be rolling on the floor laughing about it , we never understood if he was serious or just liked to confuse us , anyways there are so many things I could share about him but not enough time, he was good man, a funny man,a hard working man, We never got to know him as a father because he moved away before he married and had children, and unfortunately we never got to share or families together, but

I'm sure he was a good father as he was a husband, we would talk on the phone to him and he always bragged about his wife and family and told us how happy he was ,, Bud we loved you and you will always be in our hearts and our memories,, RIP
