“ I have wonderful memories of judy from my childhood and early teen years. I thought the world of her and so did my parents. I'm so sorry she has passed, but I was grateful for the opportunity to reconnect with so many. God bless all of the family and my thoughts and prayers are with you.

“ The moment we met changed my life, we were immediately best friends and 40 years later forever will be. I don't know how to live without you in my life, your laugh. your smile,your strength, everything about you was so dear to me, you drew people to you with your wit and humour ! You were strong and smart. Your poetry was beautiful, I always told you to publish them !! Oh and how you loved to dance,ride the bull and beat all the guys on the punching bag !! You are a total force to be reckoned with!! There is no way to tell you how much I love you because the words have not been written but your heart knows. This is so surreal,you can't be gone, I keep picking up the phone! But I know after all these years we will still talk to each other. O.K God if you exist watch out cause here comes JUDY !!!

“ I'm finding that it's so very hard to express my feelings about Judy Gail right about now...

I'm so very proud of her for living her life with so much zest completely as she wanted...but I'll miss her so very much. As Elvis sang "I did it my way", she did with her faith in God. She's finally found true peace now. My cousin, friend and confidant, we were close. I have, did, and always will love her. She made me laugh and cry literally, and she will always hold a special place in my heart forever.

To Carolyn, Gary, Nichole, Tiffany and all of our families I send my love and prayers. It's never ever easy to lose someone you love, but I love you all. And to Judy Gail...you'll never know how much I'll miss you...I love you.

God bless those who you leave behind, but I know that you're in Heaven and at peace.
